

A New Model Typewriter!

OLIVER
The Standard Visible Writer

BUY IT NOW!

Yes, the crowning typewriter triumph is here!

IT IS JUST OUT—AND COMES YEARS BEFORE EXPERTS EXPECTED IT. For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of a touch so light that the tread of a kitten will run the keys!

CAUTION!

The new-day advances that come alone on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 54 letters and characters in the little fingers of the right and left hands. And it lets you write them all with 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

WARNING!

This brilliant new Oliver comes at the old-time price. It costs no more than lesser makes—now out-of-date when compared with this discovery.

For while the Oliver's splendid new features are costly—we have equalled the added expense to us by simplifying construction.

Resolve right now to see this great achievement before you spend a dollar for any typewriter. If you are using some other make you will want to see how much more this one does.

If you are using an Oliver, it naturally follows that you want the finest model.

17 CENTS A DAY! Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all our previous special inventions—visible writing, automatic spacer, 6 1/2-ounce touch—plus the Optional Duplex Shift, Selective Color Attachment, and all these other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTYPE, that writes like print, included FREE if desired.

TODAY—Write for Full Details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

A photograph of Theodore Anderson's bumper wheat crop appeared in the Sunday edition of the Portland Oregonian. The picture shows Mr. Anderson's wheat piled up in long rows in front of the farm house. This is the general scene over the county, but grain in Mr. Anderson's neighborhood made an exceptionally heavy yield, averaging from 30 to 40 bushels per acre.

HAVE YOU INVESTIGATED MEASURE NO. 30

IF NOT—

Can you be guided in the marking of your ballot by the judgement of the following individuals, officials and organizations of Oregon who have endorsed it and advised it should carry.

Do you think their endorsements would be given without a thorough investigation and knowledge of the merit of the measure? With such wonderful endorsements as these can you hesitate for a moment to realize that your duty to your state and to your children is to vote for the Pendleton Normal School.

Straw Vote Here Gives Hughes A Big Lead.

Gurdane & Son conducted a straw vote the past week for the committee carrying on the fight to abolish the present Sunday closing law. The result of the vote showed 91 in favor of repealing the old law and 29 against. The vote for president is of interest inasmuch as it shows a strong Hughes sentiment in spite of the fact that the Democrats have been claiming everything in sight for Wilson, there being 78 votes cast for Hughes and 41 for Wilson.

Karl Beach, of the firm of Beach & Allyn of Lexington went to Portland this week to receive another Dort car, this being the second one of these cars to be disposed of to Morrow county farmers recently.

Robert H. Young, deputy state game warden, will take a two months vacation on that job as the result of instructions he recently received from Carl D. Shoemaker, state game warden. According to Mr. Shoemaker, the funds in the commission's coffers are getting low and many of the wardens are being dropped from the payroll for the time being. Mr. Young expects to be extensively engaged in writing life insurance during his vacation.

A Commendable Record.

Cigarettes were being passed around the crowd in a local store recently and as one man helped himself, he made the remark that he had not smoked one in six years. W. O. Minor passed them up with the remark that he had not smoked one in 58 years. Mr. Minor is just 58 years old, so it easy to arrive at the number of cigarettes he has smoked up to the present time.
